## **First Four Homes Going Up at Blackhawk on the River**

*Open house event scheduled for Sept. 9<sup>th</sup>*

**McCall, Idaho**—C & H Contractors is well underway on the first four homes at the conservation-oriented development Blackhawk on the River. The new homes will be showcased in an open house event on Sept. 9<sup>th</sup> from 11 a.m. to 3 p.m. The event will give Realtors and the general public a preview of four unique homes designed by Epikos, a renowned, McCall-based land planning and architectural firm, and will display the riverside views and other natural landscape features offered at Blackhawk on the River. Refreshments will be served.

"We've assembled a team of what can only be described as 'the best of the best' to design and build the homes at Blackhawk on the River," says Blackhawk sales director Lance Daniels. "Epikos is one of the leading architectural firms in the state, and C & H has built some of the finest properties in the McCall area. The design style of both companies fits perfectly with the look and feel we were aiming for at Blackhawk on the River. It's natural and elegant, rustic and refined."

C & H Contractors is based in Cascade, Idaho. The company is well-known for a design style they call "mountain elegance," which incorporates log and timber accents, hand-hewn siding and beams, and rustic touches. Recent projects include the construction of custom homes at Tamarack Resort for Rod and Jeri Walz, and Tamarack CEO Jean Pierre Boespflug.

"In the past five years, C & H has been involved in some of the major milestone developments in Valley County," says C & H owner Ross Riegel, "and Blackhawk is definitely one of them. The location is incredible, set on a scenic corridor between Tamarack and McCall that will become, I think, the heart of one of the next great resort areas. And the homes we're building there are designed to be elegant and appealing, yet very livable."

The open house includes tours of the Steelhead and Kokanee designs on home sites 5 and 12. Interior fixtures for the Caddis and Redridge designs will also be on display at home sites 3 and 54. The Steelhead and Kokanee homes are available for purchase, but the other two have already been sold. Everest Construction in McCall has also begun work on two new homes at home sites 4 and 5. For more information about the event or Blackhawk on the River, call the Blackhawk Sales Office at (208) 630-5070, located at 112 N. Third Street in downtown McCall.

###

Blackhawk is a 1551-acre community set along five miles of the Payette River, just 10 minutes southwest of downtown McCall. Learn more at [www.blackhawkontheriver.com](http://www.blackhawkontheriver.com).
