

Blackhawk on the River: Quote Sheet

"I don't know of any other place in the West that has so much to offer. You have two ski resorts, several world-class golf courses and two large, beautiful lakes just 15 minutes away on either side. All these features make this a world-class vacation spot. My home here will be a legacy for my family and grandchildren."

Jerry Barnett, *Tamarack Resort board member/owner and property owner at Blackhawk on the River*

"At Cabela's Trophy Properties, we only list recreational properties well suited for the outdoor enthusiast. The location of Blackhawk opens up access to everything, from mountain biking to skiing to kayaking. Especially with the Payette River, Brundage and Tamarack ski resorts, and the McCall community so close by. The Blackhawk Wildlife Preserve clearly shows that this community was done right, with a well laid plan behind it. Blackhawk will provide a lot of enjoyment for homeowners."

Thor Sichveland, *Broker for Cabela's Trophy Properties*

"The Blackhawk Wildlife Preserve is a key milestone for both the Payette Land Trust and the course of new development in Valley County. Blackhawk is the first developer to permanently protect such an important piece of habitat for McCall's wildlife through a conservation easement and wildlife preserve. They've set a remarkable precedent."

Dr. Robert Vosskuhler, *Executive Director of the Payette Land Trust and property owner at Blackhawk on the River*

"In the past five years, C&H Contractors has been involved in some of the major milestone developments in Valley County, and Blackhawk is definitely one of them. The location is incredible, set on a scenic corridor between Tamarack and McCall that will become, I think, the heart of one of the next great resort areas. And the homes we're building there are designed to be elegant and appealing, yet very livable."

Ross Riegel, *Owner of C&H Contractors in Cascade, Idaho*

"We've assembled a team of what can only be described as the best of the best to design and build the homes at Blackhawk on the River. Epikos is one of the leading architectural firms in the state, and C&H Contractors has built some of the finest properties in the McCall area. The design style of both companies fits perfectly with the look and feel we were aiming for at Blackhawk on the River. It's natural and elegant, rustic and refined."

Lance Daniels, *Former Sales Director for Blackhawk on the River*

"We see environmental stewardship as a cornerstone of our development philosophy. We want to leave a legacy to our children and McCall that we're all proud of. Keeping a portion of our property wild is the right thing to do."

Sima Muroff, *Managing Partner of Blackhawk Partners LLC*
