Blackhawk Sales Team Established, Sales Office Opens

McCall, Idaho—Blackhawk announced today the formation of a fully dedicated sales team for the 1551-acre, conservation-oriented riverfront community. The newly established team—made up of local real estate agents Lance Daniels, Haden Tanner, and administrative assistant Robin Richardson—will be the main point of contact for those interested in the community. Blackhawk’s downtown McCall office, located at 112 North 3rd Street, was recently renovated to accommodate clients, current Blackhawk homeowners, Realtors and visitors, and now serves as the Blackhawk Sales Office.

“This new arrangement will be extremely beneficial for interested agents and homebuyers,” says Daniels. “Our new sales office has all the information you need about the development right on hand. A member of the team will be available virtually anytime to answer questions or give site tours. And best of

all, we’ll be able to give our full attention to Blackhawk buyers and provide great service from start to finish.”

When complete, Blackhawk on the River, the community’s current phase, will offer up to 150 homesites set along the longest protected stretch of Payette River in McCall (five miles), and includes a 126-acre wildlife preserve, 10,000 +/- sq. ft. River Lodge, spa and other amenities. The community’s other two phases, Blackhawk Ranch and Blackhawk Lake, have already sold out. The Blackhawk Sales Office is open from 8 a.m. to 5 p.m. daily. A mobile sales office is also located on the Blackhawk site. Call 630-5070 for more information.
